MCIR Recall Letter Sample

Dear Parent or Guardian:

One of the most important ways to prevent disease is through routine immunizations. As of December 2007, booster doses of the Hib vaccine are in short supply. Healthy children may need to wait to get a booster dose. Talk to your doctor on when your child should receive the Hib booster dose. The Michigan Care Improvement Registry (MCIR) indicates that KEBECCA may be due for one or more shots.

January 15, 2009

Dear Parent or Guardian,

We are enclosing a copy of your adolescent's immunization record; which contains all the information that has been officially added into the Michigan Registry. Based on this information, we see that one or more vaccinations are overdue or due soon. We have also enclosed information that discusses new vaccines that have recently become available.

Please call Borgess Family Medicine at (269) 552-0100 to schedule a Well Visit for your adolescent. If by chance your adolescent has had a wellness exam within the last year, but is still due for immunizations, please call to schedule a "nurse time" visit. We have **standing orders** for vaccinations, and these can be done with a nurse visit.

If you have records that need to be added to the Michigan Care Improvement Registry (MCIR) please mail or bring in a copy for us to enter, creating an accurate, up-to-date, official record of your adolescent's immunizations.

Sincerely,

Mary Alexander, RN, Clinical Specialist
